Rome, 00139, Italy

Dear Lucrezia Scoppio,

It is my pleasure to inform you that you have been selected to receive the 2021 NACE Fellows Honor, thus becoming a member of the class of NACE Fellows. The sustained contributions you have made to corrosion control have been well recognized over the years. It is obvious that the selection panel could not have made a better choice by selecting you as a NACE Fellow.

I look forward, with pleasure, to seeing you receive this award during CORROSION 2021.

Sincerely,
