

# CORROSION

Conference & Expo 2021  
April 18-22 • Salt Lake City, UT

Put your corrosion mitigation research on the global stage at the CORROSION 2021 Conference and Expo! Papers/presentation will reach nearly 5,000 industry professionals from around the world as they come together to find out about the latest in products and services, learn of advances in technology and participate in networking opportunities.

[SUBMIT ABSTRACT](#)

## What Should I Submit?

All abstracts should be about 300-400 words and present ideas, concepts, or learnings that are applicable to the industry, including areas in:

- Aerospace and Military
- Coatings
- Industrial and Potable Water, Pulp and Paper
- Infrastructure and Transportation
- Maritime/Marine
- Plastics and Composites
- Power and Utilities (electric, gas, sanitary service)

- Oil & gas
- Waste Management

**Deadline for all submissions is May 11, 2020.**

---

**No technical paper? No problem!**

Forums give all levels of corrosion professionals the opportunity to present ***without the requirement of a technical paper***. Forums allow for open discussion among colleagues, so you can field questions on your presentation and connect with your audience.
